

EMPOWERING WINNING HABITS

Our easy-to-use app empowers your restaurant staff to succeed.
Try it FREE for 6 months!

FEATURES & BENEFITS

Developed specifically for the restaurant industry, ServSafe Ops is a powerful tool that helps ensure operational efficiency, winning habits for your staff—and success for your business.

Messages & Nudges

Send and receive messages and reminders for important tasks.

News

Share restaurant-specific news in real time to individuals or the entire staff.

Checklists & Tasks

Convert daily, weekly, and monthly tasks into custom checklists to drive operating performance.

Training

Upload training videos and documents for staff to easily view.

Issue Reporting

Report issues on-the-go, title and describe the issue, add an annotated picture, even select priority and category.

Library

Keep all materials—such as training videos, rollout guides and pictures—in one easy-to-access place.

GETTING STARTED

We make it easy to incorporate ServSafe Ops into your business, so you can start increasing efficiency and encourage winning habits from day one.

Instant download

from the App Store or Google Play Store.

Easy onboarding with online training

in live and pre-recorded formats. We make sure you have everything you need to get started and use the app in your day-to-day operations.

Customizable checklists, messages and more

or try our handy templates.

Reporting and data aggregation

to verify completion of tasks and gain actionable insights about your business.

24/7 support

to ensure success. **We are here for you every step of the way.**

**Now you are ready to get started! Feel empowered already? We feel it too!
Set up a meeting to get started on your customized solution.**
