Type: Ordinance

Title: Amendment of Municipal Code Title 7 by adding new Chapter 7-60 entitled "Plastic-Free Water Ordinance"

Committee(s) Assignment: Committee on Finance

ORDINANCE

WHEREAS, the City of Chicago has the power and duty to protect its natural environment, its economy, and the health of its citizens; and,

WHEREAS, Rochester Institute of Technology estimates that every year 22 million pounds of plastic enter the Great Lakes; and,

WHEREAS, single use plastic and polystyrene consume non-renewable resources and are often thrown away and become litter, which pollutes waterways, parks, forests, storm drains, and other public spaces; and,

WHEREAS, plastics in waterways break down into smaller pieces that are not biodegradable and are present in all the Great Lakes; and,

WHEREAS, plastic and polystyrene can now be found in almost every marine habitat on Earth and single use plastics endanger local wildlife; and,

WHEREAS, nearly all plastic is made from fossil fuels, and refining plastic is the most greenhouse gas intensive part of the plastic lifecycle; and,

WHEREAS, single use plastic foodware contaminates our recycling and compost systems, soiling other recyclables, such as paper, and jeopardizing the quality of our compost; and,

WHEREAS, restaurants and businesses around the United States recognize the negative environmental impacts of single use plastics and are providing sustainable alternatives; and,

WHEREAS, it is in the interest of the health, safety, and welfare of all who live, work, and do business in the City that the amount of litter on public streets, in parks, and in other public spaces be reduced; and,

WHEREAS, efforts to reduce single use plastics should not interfere with the City's goal of an inclusive and accessible city; and,

WHEREAS, reduction of single use food and beverage packaging furthers the City's goal to eliminate solid waste at its source and to maximize recycling and composting; now therefore,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHICAGO:

SECTION 1. The above recitals are expressly incorporated herein and made part of this ordinance.

SECTION 2. Title 7 of the Municipal Code of Chicago is hereby amended by inserting a new Chapter 7-60, as follows:

Food dispensing establishments may refuse, at their sole discretion, any customer-provided reusable foodware cup that is cracked, chipped, or corroded, appears inappropriate in size, material, or condition for the intended beverage, or that appears to be excessively soiled or unsanitary, and instead require use of a reusable foodware cup for a beverage consumed on the premises, or a disposable cup that conforms to the disposable foodware standards in Section 7-60-060.

7-60-050 Reusable foodware for dining on the premises.

(a) Beginning January 1, 2021, prepared food served for consumption on the premises of a food dispensing establishment shall only be served using reusable foodware. Nothing in this chapter shall be construed to create a private right of action.

7-60-110 Severability.

It is the legislative intent of the City Council that this chapter would have been adopted had the unconstitutional or otherwise invalid provision or application not been included.
