While all industries have been impacted by COVID-19, perhaps no industry has been hit as hard as hospitality. It is critical for hospitality business managers to know what options exist to help maintain their business and how to prepare to reopen when the time is right. HUB is hosting a webinar featuring an expert panel of speakers with diverse areas of focus within the industry and we invite you to join us as we answer your most pressing questions. Please note this discussion will be applicable for all US hospitality businesses.

Please submit your questions during the registration process.

Register today! The first 50 people to register and attend will receive a \$50 gift card supporting a local restaurant or hospitality business of your choice!

Presented in partnership with the Illinois Restaurant Association.
