## Guest Speaker: Lois Kam Heymann

Where: ISD Cafe

When: March 29th, 7pm

### Presentation Focus

\*Development of listening, language and auditory skills in children

\* The impact of technology on our children.

\* Steps to build good listening skills

### Lois in the Greenwich District

Some of you may be familiar with Lois and her work as she was the Keynote Speaker at the GPS's 5th Annual Parents as Partners Conference two years ago.

### More about Lois

Lois, the founder and director of Listenlearnlove, is also a professor at Mercy College, Dobbs Ferry, NY. After stepping down as the Director of the Communication Department at the center for Hearing and Communication (CHC) in New York City, Lois has continued to serve CHC as a consultant.

## About Lois Kam Heymann

Lois Kam Heymann, M.A, CCC-SLP, is a Speech and Language Pathologist with over 30 years of experience working with children with listening, hearing and learning challenges and their parents. She is the leading authority of Auditory Processing Disorder. As a sought after speaker, she has presented hundreds of in-service workshops, seminars and conferences, sharing her knowledge and techniques with parent groups, school systems and speech therapists.

Her book *The Sound of Hope* will be available for purchase.

Visit her website at [www.listenlovelearn.com](http://www.listenlovelearn.com)

**North Mianus, Old Greenwich and Riverside Schools are all invited!**
