The Honorable Pamela Bondi
Attorney General of the United States
U.S. Department of Justice
950 Pennsylvania Avenue NW
Washington DC 20530

Dear Attorney General Bondi,

We are writing regarding the [OIG's April 7, 2025 response](#) to [our March 19, 2025 letter](#) concerning the serious mistakes with the December 2024 release of the Biden Administration's [OIG report titled "An Investigation of Alleged Misconduct by Senior DOJ Officials for Leaking Department Investigative Activities Concerning COVID-19 in Nursing Homes to Members of the News Media in October 2020"](#)

The OIG's response missed the point. We were not raising allegations of waste, fraud or abuse. We were pointing out serious factual errors in the OIG's report – factual errors that have now been weaponized by former Governor Andrew Cuomo.

As nursing home advocates, our focus is the 15,000 residents of New York nursing homes who lost their lives during the COVID-19 pandemic, and we demand that the truth be told without a partisan lens.

The [Biden OIG report](#) was gravely flawed, with so many obvious mistakes that it makes us wonder if it was written to fit a partisan narrative. Among other factual errors, it stated that the Cuomo administration's [March 25, 2020 directive](#), which sent 9,000 COVID-positive patients into ill-prepared nursing homes, was "largely consistent" with federal guidelines. This is clearly untrue, as we showed in our original letter.

We hope you see, based on the evidence presented in [our letter](#), that the OIG's 2024 report was completely factually wrong and needs to be corrected.

Thank you for your attention to this critical matter. We look forward to your response and stand ready to provide additional information or assistance required to support this effort.

Sincerely,

Peter Arbeeny
