

The Grail in the US 2019

a snapshot of what we are doing today

Called by our spiritual values, The Grail envisions a world of peace, justice and renewal of the earth, brought about by women working together as catalysts for change.

- The Grail is an international women’s movement embracing women of any age, ability, faith tradition, ethnicity, gender or sexuality.
- We are committed to spiritual search, social transformation, ecological sustainability, and the release of women’s creative energy throughout the world. We are bonded in action, solidarity, and faith, working in 20 countries, as individuals and Grail groups, interconnecting regionally, nationally and internationally.
- Individually and as a community we work to advance the United Nations 17 Sustainable Development Goals.
- Women of the Grail work on a wide variety of issues, together and with non-Grail members. Grail groups and circles are the means for providing support for each other in our work and for working together to live the mission and values of the Grail. Some circles are regional, organized by Grail members who live or work near other, and some are organized around specific work — anti-racism, environment, etc. Non-members may join Grail circles. If you’d like more information, contact the national office of The Grail in the US, office@grail-us.org
