

BIRD MIGRATION

Spring & Fall in Lebanon County by Jim Fiorentino

Sunday, March 14 | 7:00 pm | FREE virtual event

This introductory program will look into the why, how, when, where and what you may be able to see during the annual bird migration in Lebanon County. There are two distinct migrations in PA, one in spring and another in fall. The program will touch on aspects of both and also look at some of the bird species that may be observed.

Join us for a virtual migration with Jim Fiorentino, a life-long resident of Lebanon County, who grew up in Miners Village, attended Cedar Crest High school and graduated from LVC. Jim is retired and an active outdoor enthusiast; enjoying archery hunting, bird watching, hiking, golf, traveling, and spending time with his grandchildren. Jim is the current president of Quittapahilla Audubon Society.

THE LEBANON VALLEY
CONSERVANCY

RSVP: lvconserve@lebanonvalleyconservancy.org

"Bird Migration" is the second of a local environmental series hosted by the Lebanon Valley Conservancy. Additional topics will be released in our February e-news!
