INSTRUCTIONS

The Summer 2020 Family Bucket List Challenge is an exciting family activity packed with awesome ideas that make it easy for families to grow in faith and create fun summer memories. The challenges fall under a variety of categories: physical+health, relational, community, spiritual etc. The goal is for families to have a well-rounded experience of developing healthy habits, making great memories, growing in their relationship with God and making an impact on the community.

Here is how it works:

- Included is an 8 page challenge guide with various missions, which are easy to attach to the fridge or take along with you if you travel!
- Families will **work together** to complete as many challenges as they want...this means that each family member must offer a reasonable contribution to the completion of any given challenge.
- Each challenge has a point value, ranging between 10 points and 500 points. The harder the challenge...the more points they are worth
- Families must keep track of their points.
- **Take photos of your family performing or completing the challenges & share them with us! For each photo taken, you can earn 10 additional points!** Pictures can be posted to the St. George Facebook page. Or you may also email your pictures to Happy Wilson at hwilson@saintgeorgechurch.org.
- Deadline to submit points & pictures for any/all of the challenges is Monday, **August 10**, at which points will be calculated.

400 points Time Capsule

To earn 400 points, your family will need to put together and bury a time capsule. Your family's time capsule can be as big or as small as you wish. At the very least it should include the following:

1. Current photos of your family. Why not a few photos depicting key events in 2020?
2. Traced cut outs of every family member's hands with the following information **(1)** What are some of your dreams? "Ten years from now I want to..." **(2)** What is your favorite bible verse? **(3)** What is your favorite memory of 2020? **(4)** What is one thing you have learned about God and life in 2020?
3. Some objects, little detail items, that mean something from 2020. Hopefully in 10 years time these items will evoke fun and fond memories.

For the container you can use a coffee can, a plastic jar with a screw top lid, or a ziploc bag. It just needs to be something durable and waterproof. Don't forget to set a date in your calendar, 10 years from now, when you will dig up your family time capsule.

Don't forget to take pictures of completed challenges and post them on the St. George Facebook page or email to Happy Wilson at hwilson@saintgeorgechurch.org
