**RE: NOTICE OF VIRTUAL NEIGHBORHOOD REVIEW MEETING – CPO 6
 PROPOSED DEVELOPMENT:**

A Proposed 22-Lot Subdivision – “Riverside at Beaverton Creek”

Dear Resident:

Pioneer Design Group, Inc. is representing the developer of a property identified on the attached map as Tax Map 1S1 07BD, Tax Lot 300, and more specifically known as 17725 SW Johnson Street. The property is located in Washington County’s R-15 District. The Developer is considering a proposal for a 22-Lot Subdivision for detached single family homes, to be known as “Riverside at Beaverton Creek”. Prior to applying to the Washington County Department of Land Use & Transportation, we would like to take the opportunity to discuss the proposal in more detail with you.

CPO 6

The purpose of this VIRTUAL meeting is to provide a forum for the applicant and surrounding property owners/residents to review the proposal and to identify issues so that such issues may be considered before the formal application is turned in to the County. This meeting gives you the opportunity to share with us any special information you know about the property involved. We will attempt to answer questions which may be relevant to meeting development standards consistent with Washington County’s Community Development Code.

Pursuant to Washington County’s Resolution & Order No. 2006-20, and subsequent COVID-19 Virtual Neighborhood Meeting Supplement dated April 10, 2020, you are invited to attend a virtual meeting on:

The meeting may be recorded for the purpose of preparing minutes for submittal with a Land Use Application.

Due to the nature of the virtual meeting, we will have limited opportunity to respond to live questions. Welcome to a Neighborhood Review Meeting

The citizens of Washington County have an individual and a collective responsibility to assure that neighborhoods are developed in a manner that is consistent with Washington County's Community Development Code (CDC). Before submitting certain land use development applications* to Washington County for review, the applicant must meet with neighbors who live near the proposed development, as required by Washington County's CDC. This meeting has been scheduled by, and will be conducted by, the applicant. The applicant is sometimes the property owner but can be the property owner's representative, such as the architectural or engineering firm, builder or developer.

It must be recognized that the applicant has a right to develop or change the property involved in accordance with the CDC, the Community Plan and any previous Conditions of Approval for an approved development application. After submission, a copy of your Community Plan or the development application may be obtained from Washington County's Department of Land Use & Transportation (DLUT) for a nominal fee. Community Plans and the Community Development can be viewed on the County's website.

Community Plans: www.co.washington.or.us/LUT/Divisions/LongRangePlanning/Publications/index.cfm
Community Development Code: www.co.Washington.or.us/DevCode

MEETING PURPOSE: The purpose of a neighborhood meeting is to provide a forum for the applicant, surrounding neighbors, and interested members of the Citizen Participation Organization (CPO) to consider the proposed application and to discuss issues/concerns before the development application is submitted to the County. This meeting gives everyone the opportunity to share with the applicant any special information about the property involved and to express all concerns about the proposed development. The applicant is required to take notes during this meeting and to provide a record of comments and their answers, which will be turned into the County as part of the development application. The meeting may be tape-recorded in order to assist an applicant with note taking, but the formal meeting minutes are required to be documented in written form, including meeting date/time, names/addresses of attendees and verbal/written comments received.

MEETING GOAL: The goal of a neighborhood meeting is to inform and encourage citizen involvement early in the development process so that the resultant development application may be more responsive to neighborhood concerns.

WHAT'S NEXT? Neighbors and others requesting notification will have opportunities, after a development application has been submitted, to express their ideas and concerns either during a public comment period or a public hearing (see Attachment C for details on Type II and Type III processes). Notification of public input/review time periods are sent to property owners with property within 500 feet of an urban development (1000 feet for rural) and as a courtesy to those registered on the sign-in sheet at the neighborhood meeting. Progress of the submitted application will be reported in the CPO Newsletters or individuals can request to be included on the notification list by contacting Current Planning at 503-846-8761, faxing your request to 503-846-2908, or email lutdev@co.washington.or.us. You can also visit the **Projects Under Review** webpage at <http://www.co.washington.or.us/LUT/Divisions/CurrentPlanning/Projects/projectsunderreview.cfm>.

The development application submitted to the County may differ from the one presented at this meeting. The CPO leaders receive a copy of the complete land use development application initially proposed (including detailed drawings and descriptions) and can share that information upon request. CPO leaders' contact information is listed in the CPO newsletters. If there are serious concerns, it is necessary to be involved at each stage of the development since changes are a natural part of the development process.

To receive a copy of the County's recommendation and staff report for the application and/or the Notice of Decision and staff report for the application, you will need to become a party of record to the application. To become a party of record for a Type II application (administrative decision without a public hearing), submit a written request during the public comment period for the application. To become a party of record for a Type III application (decision requiring a public hearing) submit a written request after the notice of the hearing has been mailed and prior to the public hearing date. The Notice of Decision will be mailed to all those within the Public Notice boundary.

You are strongly discouraged from writing or calling DLUT immediately after this Neighborhood Meeting. The County will be unaware of this proposal until the development application has been submitted, at which time a case file number and staff person will be assigned. Once the application is deemed complete, notices will be sent to neighboring properties (within 500' urban and 1,000' rural) and the area CPO. Submit comments after receipt of the notice from the County and include the case file number. The DLUT Staff Report, written prior to the final Conditions of Approval, will respond to all written comments received during the comment period.

Individuals who live in, or have a business in Washington County are members of the county's Citizen Participation Organization (CPO) program. To receive a free monthly CPO newsletter for your area, contact the CPO Extension Office and request to receive either an electronic or paper newsletter. Consider signing up for the electronic copy which saves the CPO program funds. Subscribers will receive one monthly email informing that the CPO newsletter is posted online.

Individuals who prefer to receive a paper copy of the CPO newsletter can give their name and address to the CPO representative at this meeting, if one is present, or call the CPO offices at 503-821-1150 or 503-821-1128, or sign-up online at www.extension.oregonstate.edu/washington/cpo/news-signup.

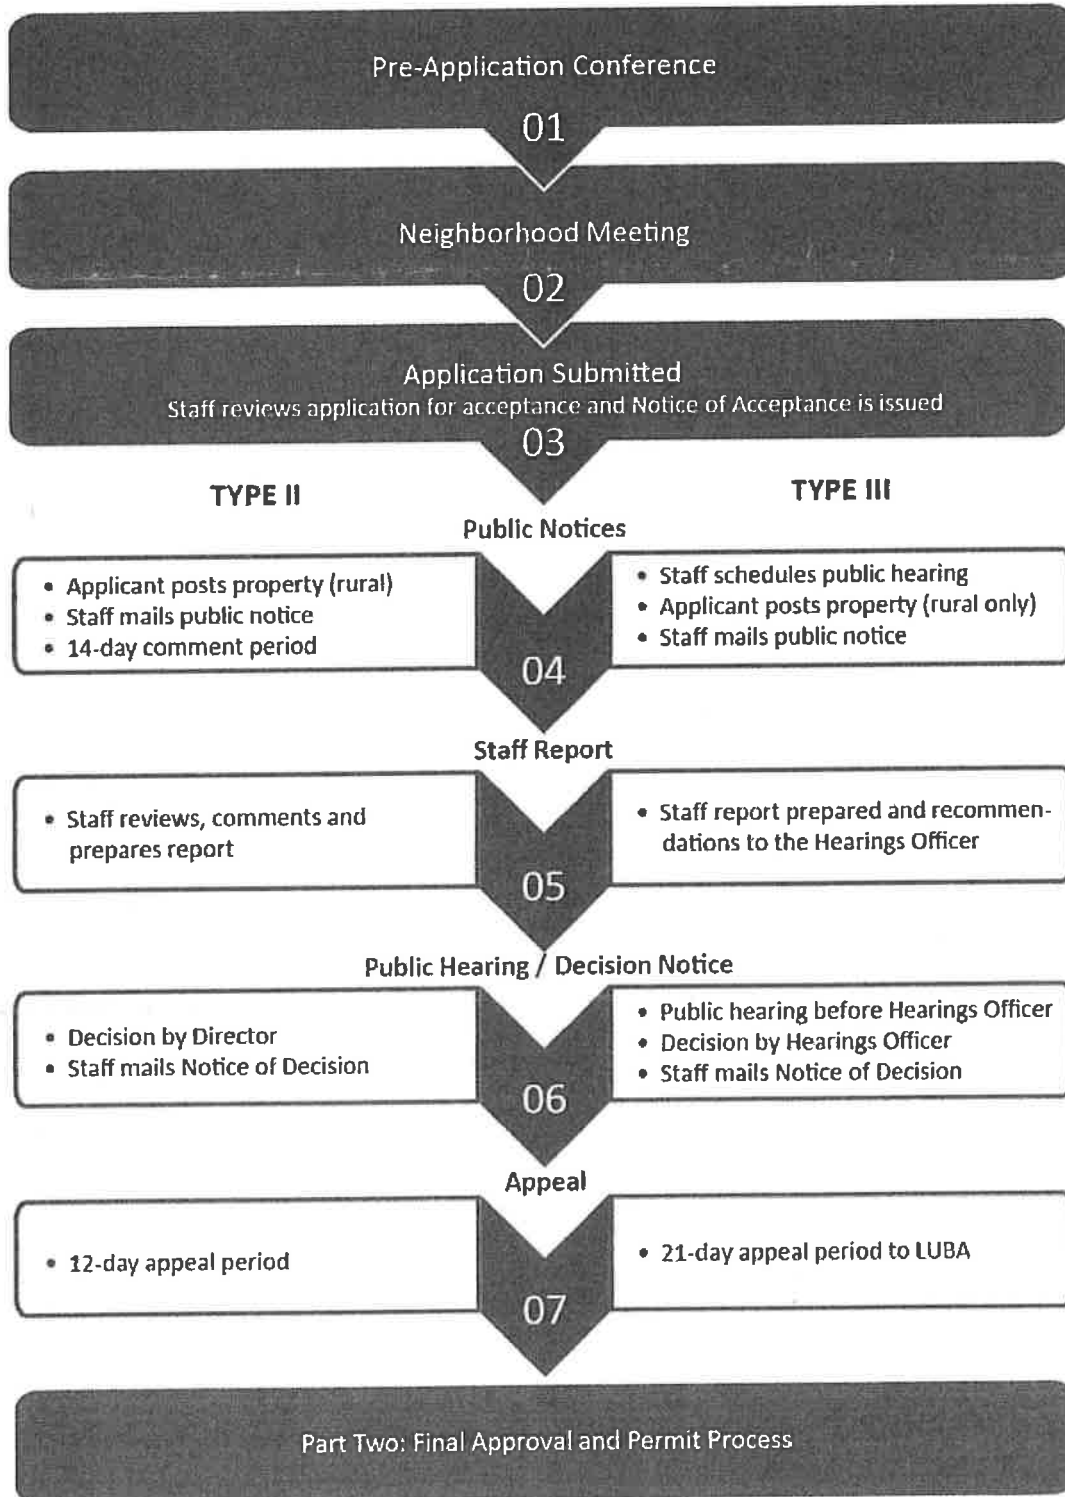

* Refer to Washington County Community Development Code section 203-3

Please Note: Effective immediately, and for the duration of the Governor's COVID-19 "Stay Home, Save Lives" executive order, Washington County's Current Planning section will accept a virtual meeting alternative in place of an in-person Neighborhood Meeting. This is a temporary option for holding a Neighborhood Meeting during the time covered by the Governor's order and does not permanently replace any portion of current Community Development Code requirements for Neighborhood Meetings (ref. CDC Section 203-3) as implemented under Resolution & Order (R&O) 2006-20.

Please Contact Washington County Planning & Development Services – Current Planning at lutdev@co.washington.or.us 503-846-8761 with general questions regarding the Virtual Neighborhood Meeting process.

Project: **Riverside at Beaverton Creek – A Proposed 22-Lot Subdivision**

Date: April 29, 2020

Project Summary

The applicant requests approval of a Type II review for a 22-Lot Subdivision, “Riverside at Beaverton Creek”. The preliminary plat creates 22 lots for detached single family homes, with the existing home to be demolished.

The site is identified as 17725 SW Johnson Street, which is located on the north side of SW Johnson Street, just east of its intersection with SW 178th Avenue. It contains 1.89 acres, or 82,328 square feet.

The subject property is designated Residential 15 Units Per Acre (R-15) in the Aloha-Reedville-Cooper Mountain Community Plan. The property is located within the Plan’s North Residential Sub-Area, and is also within Area of Special Concern No. 2. The surrounding zoning in all directions from the subject site is also R-15. Based on the R-15 designation, the calculated minimum density for this property is 22 units, and the maximum density allowed is 27 units. Accordingly, the 22-Lots proposed is equal to the minimum density for the site. The Community Plan does not designate Significant Natural Resource areas on this property.

The proposed detached single-family lots range in size from 2,241 to 4,069 square feet, not counting the flag access for Lot 11. The average lot size is 2,648 square feet. Each detached home is expected to include at least two off street parking spaces.

The site abuts the north side of SW Johnson Street, which is a designated as a County Collector. The development will dedicate an additional 12-feet of right-of-way, and provide frontage improvements including curb, planter strip, street trees and sidewalk, and 37 feet of pavement from centerline.

Access to the property will be via a 28-foot wide private street (Tract A) extending north from SW Johnson Street.
