## St. Luke's Library-Mrs. Tillman

We kicked off STEMM Makerspace stations in the library this month! The students are having a blast and learning too!

What is Makerspace?

"Makerspace is more than a space itself, it is a mindset that can and should be taught (Gerstein, 2014). We have a student culture of children who have learned to consume technology; educational zombies with all of their technological skill residing in the swipe of an index finger. With a makerspace, we can move beyond consumption to creation!"

- [www.makerspaceforeducation.com](http://www.makerspaceforeducation.com)

I will also have two Makerspace enrichment classes next semester, one on Thursday and one on Friday. Forms are due by Feb. 18th and I would love to have your child join us!

Thanks for sharing your precious children with me each week!

## Go Wildcats!
