

MRS. STRINGER'S MUSICIANS

Singing | Playing | Creating

Important Dates:

March 1: Grandparents Day

National Standards

Our National Standards we have been using are: Singing Alone and With Others, Producing Rhythm, Memorizing Music, Playing instruments alone and with others.

Did You Know??

The smallest guitar in the world is 10 micrometres long with strings 50 nanometres (100 atoms) wide. That's a small guitar!!

January

What have we been doing?

Happy New Year from the Music Class! We are looking forward to a fun filled semester. This month we will be working on reading rhythms- whole notes, half notes, and quarter notes! Our students will be able to identify each kind of note, read a rhythm, clap it, and play it on various instruments! Our composer for this month is

Mozart! We are also starting music centers this semester in our classroom; there will be lots of exploring the world of music by doing this! I can't wait to get 2019 started!
