Mass Text Messages for Time-Sensitive Communication

## OPT-IN TO RECEIVE TEXT ALERTS

For more urgent and time-sensitive information, such as weather, St. Luke's will use mass text messages as an additional way to communicate with parents.

In order to receive time-sensitive text alerts, you **MUST** manually opt-in to your appropriate group(s) each school year. If you opted in last year, you will still need to opt in for this school year to receive alerts.

You do not have to download the app to receive texts.

If you have any questions, please email [cjackson@slesmobile.org](mailto:cjackson@slesmobile.org).
