### MIDDLE SCHOOL TESTING APRIL 7-11

Middle school students will be taking the Stanford Achievement Test (SAT10) during the week of April 7-11. The Stanford Achievement Test Series, Tenth Edition (SAT10), is a nationally normed, multiple-choice achievement test used to assess student skills and achievement in various subjects from kindergarten through high school.

Our 8th graders will also be taking the Otis-Lennon School Ability Test (OLSAT). The Otis-Lennon School Ability Test (OLSAT) is a standardized test designed to measure a student's general reasoning and cognitive abilities,

We need students to get a good night's rest, eat breakfast, and arrive on time. Students also need to bring their device each day and the device should be charged. A specific testing schedule will be sent out soon. Please encourage your student to do his/her best on these tests!

Email [atillman@slesmobile.org](mailto:atillman@slesmobile.org) if you have any questions.
