BEST ROBOTICS INTEREST MEETING (AUGUST 4)

Tuesday, August 4 | 5:30 p.m.

University Campus STEM+M Center

Students interested in participating in BEST Robotics are invited to attend an informational meeting. Opportunities are available for students interested in both Engineering and Marketing, so if you'd like to be part of this exciting, team-based program, we encourage you to join us! For more information, please contact Gordon Stevens by phone or text at 251-751-3726.

ST. LUKE'S ROBOTICS (ENGINEERING & MARKETING)

Get involved - Come join our St. Luke's BEST Robotics Team!

STEM Education: Robotics clubs provide an engaging platform for children to learn about Science, Technology, Engineering, and Mathematics (STEM) in a hands-on way. Through building and programming robots, students develop a deeper understanding of these subjects and how they can be applied in real-world scenarios.

- **Problem-Solving Skills:** Building and programming robots requires creativity, critical thinking, and problem-solving skills. Students learn how to identify problems, brainstorm solutions, and iterate on their designs until they achieve success. These problem-solving skills are invaluable in all areas of life, not just robotics.
- **Teamwork and Collaboration:** BEST Robotics is a collaborative endeavor that requires teamwork and communication. By working in teams to design and build robots, team members learn how to communicate effectively, delegate tasks, and work together towards a common goal. These teamwork skills are essential for success in school, the workplace, and beyond.
- **Creativity and Innovation:** Robotics teams encourage creativity and innovation by giving children the freedom to design and build their own robots. Whether they're creating a robot that can navigate an obstacle course or solve a complex puzzle, children can unleash their imagination and push the boundaries of what's possible.
- **Preparation for the Future:** In an increasingly technology-driven world, robotics skills are in high demand. By joining our robotics team, students gain valuable experience with cutting-edge technology and develop skills that will be highly sought after in the workforce of the future.

6th GRADE BOOTCAMP (AUGUST 11)

We are excited to host our 6th Grade Boot Camp again this year!

The event will take place on TUESDAY, August 11, from 1:00–3:00 p.m.

Students will meet in Mrs. Lersch's classroom, room 308.

If you have any questions, please email mdonald@slesmobile.org.

St. Luke's
EPISCOPAL SCHOOL

6th GRADE BOOTCAMP

Tuesday, August 11
1-3:00 p.m. in room 308

ATTENTION RISING 6TH GRADERS!
Come spend the afternoon with us as we prepare for an exciting new school year.
We can't wait to welcome you!

DURING OUR TIME TOGETHER, WE WILL:

- Receive your locker assignment and practice using your lock.
- Learn tips for organizing your locker.
- Set up your computer and access your online learning platforms.
- Tour the cafeteria and review lunch procedures.
- Get to know your classmates.

PLEASE BRING THE FOLLOWING ITEMS:

- Your notebook with notebook paper and dividers already set up.
- All required school supplies.
- All textbooks and workbooks labeled with your name.
- Your fully charged school computer.
- Please make sure any parental controls have been removed or disabled, and that your student knows the computer password so they can successfully complete the technology setup.

*Please drop off in the south parking lot.
We look forward to seeing your student there.*

Hosted by Mrs. Lersch and Coach Donald

6th GRADE WELCOME WALK & 9th GRADE OPENING OF THE GATES (AUGUST 12)

The first day of school is filled with excitement, new beginnings, and cherished traditions. Families are invited to join us as we celebrate two memorable milestones for our students.

6th Grade Welcome Walk Tuesday, August 12 at 7:55 a.m.

Help us welcome our newest middle school students as they take their first official walk into the University Campus. This special tradition marks the beginning of an exciting new chapter and gives our 6th graders a warm Wildcat welcome.

9th Grade Passing Through the Gates, Immediately following the Welcome Walk & Morning Assembly

After the Welcome Walk and Morning Assembly, our freshmen will participate in the beloved Passing Through the Gates ceremony. As they walk through the campus gates, they symbolically begin their high school journey - a meaningful St. Luke's tradition that celebrates the opportunities, growth, and memories that await them over the next four years.

We look forward to sharing these special moments with our St. Luke's families as we kick off another incredible school year!
