

Small Firm 2026 Future Leader Scholarship

Growing today's engineers into tomorrow's engineering leadership

ACEC/NC Junior Board of Directors is providing a scholarship to one participant from a small firm to the 2026 Future Leaders Program. We understand the direct and indirect cost to send an employee to the course can have a great impact to a firm with less than 50 employees. With this scholarship, we can facilitate more participation from small firms.

Due to the class **twenty-person limit** and only one scholarship, applicants need to meet all the requirements set by the 2026 Future Leader Program as well as be nominated by their small firm. If you are not selected to the scholarship but would still like to be able to attend the course, please specify and provide the required tuition with your application.

If the nominee is selected for the course and the scholarship, the tuition will be returned. If the tuition is not received and the scholarship was not awarded, the applicant will be removed from the course.

The scholarship only covers the cost for the course, therefore travel and accommodations for all sessions and Summer Conference are the responsibility of the participants.

“Junior Board consists of diverse individuals representing the broad range of demographics, disciplines, and geography within the engineering community to promote the consulting engineering industry, increase diversity in ACEC/NC programs, events, and membership, provide feedback and fresh perspective to the ACEC/NC Board on the execution of the ACEC/NC strategic plan, and develop the next generation of industry leaders.”

- Junior Board's Mission

Small Firm 2026 Future Leader Scholarship

Scholarship Form
