## Why Sponsorship?

All Saints strives to provide a quality, Catholic education to any family who wishes to attain it—regardless of economic standing. This means we are committed to providing a relatively low tuition along with raising tuition assistance for 60% of our students. This also means we have fewer dollars for the "extras." If you've ever helped a child apply for a specialty high school, college or scholarship, you know these "extras" are absolutely critical not only to attain a full educational experience but also to access acceptance and funding to the best educational programs.

## Benefits

Your sponsorship is an opportunity to invest in the education of All Saints students and, consequentially, in all our futures. It is also an opportunity that can fit into your marketing budget. Each opportunity includes a special recognition along with the marketing benefits that are provided to all sponsors:

### Recognition for all sponsorships:
