

Meet Amanda Patterson - Kindergarten Teacher

Mrs. Amanda Patterson grew up in Midlothian and received her master's in education from the University of Richmond. She spent four years as a kindergarten teacher in Chesterfield County and was nominated to be the kindergarten team leader. Her references commend her for her classroom management skills and differential instruction for children of different development levels. She also has experience developing domestic and international science learning opportunities for teachers, and as an in-home counselor for children with mental illness.

Mrs. Patterson reports that the moment she walked into All Saints, she felt a positive energy from the staff and the children that was incomparable to any other workplace.

As a child, her passion was sports—soccer, basketball, track and cross country, which she continued into college at Duke where she received her bachelor's in psychology. She stays active with her son Jackson, stepdaughter Isabelle, husband Chris and dog Sophie. Mrs. Patterson had this message for rising kindergarten families:

"Dear parents,

I am absolutely thrilled to say that I will be the kindergarten teacher at All Saints starting in fall of 2017. I have taught various grade levels throughout my teaching career, but kindergarten has a special place in my heart. I cannot wait to foster relationships with your wonderful children and watch them grow day by day. I truly look forward to working with you in an effort to help our children at All Saints excel and develop a love for learning."
