

2020 FALL ONSITE WASTEWATER VIRTUAL MINI CONFERENCE

Friday, November 13, 2020

Earn 0.4 CEUs - Register online at www.o2wa.org

This conference is for industry professionals including public health officials, O&M service providers, engineers, consultants, installation contractors, septic pumpers, and others interested in onsite wastewater management. You will learn about the latest in onsite wastewater industry issues and approaches to onsite wastewater management.

Join us online for our first ever Virtual Fall Mini Conference on November 13th! Registration includes access to all live sessions as well as access to the recordings after the sessions are completed. (Attendees must attend the live sessions and answer a "poll question" to receive credits.) 4 hours of class time. Earn up to 0.4 CEUs. Learn the latest on Hydrosplitters, Why ATTs, E-Permitting and ESERs.

Continuing Education Units – Class Hours

All sessions will be presented in a LIVE webinar format. To receive credit for attending, you will need to be logged in to the live webinars AND there will be a poll question you will need to answer in each session. You will be able to earn up to 0.4 continuing education units during 4 hours of class time for both Maintenance Providers and Installers certification licenses.

SCHEDULE & CLASSES

Speakers and topics may change.

9:30 a.m. – 9:40 a.m. Welcome and Orientation

Belinda Rasmussen, Executive Director

9:40 - 10:40

E-Permitting 101 and Beyond

Marty Easter, Registered Environmental Health Specialist, Oregon DEQ & Heidi Tower, DCBS

Description: Learn tips and tricks about the new E-Permitting website to make applying, tracking, and completing sites much easier. If you have headaches about your county going to the new E-Permitting data base, then come by and learn the ins and outs.

10:40-11:00 – Break – Door Prize

11:00 - 12:00

Why ATT Systems?

Scott Hammerschmith, Orenco Systems

The "Why ATT Systems?" course discusses operation of primary septic tanks, drain field sizing/layout for "standard" systems, operation, and effluent quality of secondary treatment systems, needs for treatment, and drain field sizing behind secondary treatment. The presentation uses excerpts from OAR341-071 and we discuss how and why the secondary treatment systems effect drain field sizing and approvals. A short Q&A session is provided after the presentation.

12:00 p.m. – 1:00 p.m. Lunch Break – Door Prize

1:00 - 2:00

Hydrosplitters The Principles and Practices of Pressure- Assisted Distribution

Brian Rabe, CPSS, WWS - Cascade Earth Sciences

This presentation will describe circumstances where the use of hydrosplitters is warranted or advantageous compared to alternative approaches. Important elements of design, installation, operational flexibility, and maintenance will be addressed.

2:00 - 2:20 – Break – Door Prize

2:20 - 3:20

Existing System Evaluation Report for Onsite Wastewater Systems

Robb Barnes

After 6 years of the ESER and Septic Smart program being in place we still hear that from realtors from time to time. Come and be ready to share your adventures in the ESER process and get some new ideas on how to stay on top of the ESER game. Ways to make the process more streamlined, pitfalls to watch out for and ideas for improving the process are all topics to be touched during the class.

3:20 - 3:30 Closing Dennis Boeger, O2WA President – Door Prize

Thank you to Emma Eichorn and Dan Buss for being our monitors.
