Change the Script Mobile Resources

The **Change the Script** opioid awareness campaign is administered by **Wheeler Clinic's Connecticut Clearinghouse** in partnership with the **Connecticut Department of Mental Health and Addiction Services**.

The campaign connects individuals, families, and professionals with the resources they need to address prescription drug misuse.

Connecticut Clearinghouse is the state's premiere library and resource center for information and resources on substance use and mental health disorders, prevention and health promotion, treatment and recovery, wellness, and other related topics.

Connecticut Clearinghouse staff members bring substance use prevention and mental health-related books, pamphlets, posters, fact sheets, and more to local communities throughout the state via the **Change the Script mobile resource van**. Materials are provided to Connecticut residents at no cost.

Request the van for your location or event by calling [1.800.232.4424](tel:18002324424) or by visiting www.drugfreect.org.
