

On April 21, 2020, Leonard 'Len' Springer passed away at age 90 having celebrated a life of hard work, good friends and as a caring family member. Lenny was devoted to his wife Myrna for 60 years prior to her passing 4 years ago. Father to Fred, Jay, Stacey and Matt. More than a father in law to Eileen, Lauren, Charles and Susan. Lenny shared his love with his grandchildren Paul, Amy, Ilana, Greg, Colleen, Madeline, Ryan, Meryl, April and Madison. Lenny's hard work was admirable. Having started and maintained successful businesses, he offered his expertise to others and spent the last several years of his life volunteering for S.C.O.R.E. While always speaking his mind, he respected others' good intentions. His friends were plentiful and shared his sense of humor, love of family and new experiences. Lenny supported his Jewish faith and shared the importance of having that faith with his children and congregants as he always maintained a strong connection with Ahavath Torah in Engelwood NJ.

Lenny will always be remembered as a father who loved his children, their spouses and his grandchildren endlessly. He had great long lived friendships and those who were new to his life, felt like they were friends forever.

He lived his life as he wanted while being mindful of always taking care of his family and anyone else in his life who needed support or help. Never a word of thanks needed. Lenny left this world with no stone unturned. Hopefully knowing that his family is forever proud of him and grateful for what he brought to all of their lives and the lessons learned from watching him move through life's gifts and struggles.
