

FCRA Dispute / Judicial Clearance Process

Although ANEW is not considered a "CRA" or fall under the governance of the FCRA, we assist applicants who have been the subject of a Consumer Report to correct and/or clear their criminal record(s). We also provide background checks and monitoring services to anyone who wants to know what, if anything, is on their criminal record.

Are you a Consumer Reporting Agency (CRA)? Let us help your applicants who have disputed their record and need to correct it within the court system. Experts in criminal court research and compliance for over 20 years, the staff at ANEW will be your Consumer Advocacy arm.

You can make a difference.

You can save a life.

Please consider becoming a partner with ANEW Life International with your generous donation or sponsorship.

If you are unable to give financially, we are always appreciative of your prayers, in kind service donations and our amazing volunteers! Contact us for available opportunities.

Please make checks payable to:

Our Vision

Helping survivors of human trafficking clear their records, raising awareness, reducing vulnerability and recidivism, and providing a safe haven for recovery is what sets the foundation and drives the vision for ANEW Life International. We partner with law enforcement, legislators, other local and national organizations, local businesses, as well as people like you to help those who want to get out of "the life" find safety, genuine love, and truly get a second chance.

YOU CAN HELP!

You can help reduce vulnerability by simply spending time, talking with, praying for, unconditionally valuing, and loving on your kids, grand-kids and the children in your life. Don't give out personal information to online "friends" you (or they've) never met, check out the companies you're trusting your kids to, and call the national human trafficking hotline if you suspect something or if you or someone you know needs help. Your taking action is CRITICAL - right now.

How else can you help?

"Just say no", and don't turn a blind eye. Don't assume those in "the oldest" profession are there by choice. Most of them aren't. Report child pornography or anything suspicious to the authorities.

Expungement Services

[Florida Statute 943.0583](#) allows victims of human trafficking to expunge the criminal records of most criminal acts committed while a victim of human trafficking.

We and our legal team work with survivors of human trafficking to expunge their criminal records.

Thirty-one states currently have some sort of provision that helps seal, expunge, or vacate arrest and/or conviction records for prostitution or related crimes.

Although we presently work with survivors in Florida, we anticipate expanding nationwide by year's end. If you have an urgent need outside of Florida, by all means please contact us and we will do all we can to assist you.

Reputation Control & Monitoring

Our team works diligently to ensure that once your records are expunged, they never show up again. Included in this service is a monitoring system for pre-existing and/or subsequent records, social media & internet monitoring and victim notification. Survivor safety, recovery, healing, and peace of mind are of utmost importance and priority for our team at ANEW.
