

Farmers are working hard to keep everyone safe. Follow these steps at U-pick fruit, flower, and veggie farms this summer:

1. Get your farm info before you go!
2. Wear a mask around others.
3. Give each other space!
4. Keep your group as small as possible.
5. Stay home if you feel sick.
6. Follow the farm's rules.
7. Don't eat til you get home.
