

Mini Camps Schedule

Grades 5-7:

Camps held at Rhodes State College

Build and Test Electrical Circuits

March 23, 2024 | 10 am - 12 pm

Spark your electrical interests in this session. Students will wire up an industrial wiring project and use a multimeter to measure electrical values on the circuit. A tour of the electrical lab at Rhodes State will be offered.

Mechatronics with GROB

April 27, 2024 | 10 am - 12 pm

Discover the interaction of electric currents or fields and magnetic fields alongside apprentices from GROB Systems, Inc. Gain firsthand knowledge about this multinational corporation focused on the production of machining technology machines, assembly lines and equipment from current employees.

Esports

8 am - 12 pm on the dates specified below

Prepare to compete in a condensed version of our traditional week-long Esports Camp! Learn the importance of proper communication, sportsmanship, and teamwork. Specific focus on Esports, game mechanics, warm-ups, and training. Game to be played will be determined at the start of each session.

- January 27, 2024
- April 27, 2024

Airborne Ag: Drones & Technology

April 27, 2024 | 10 am - 12 pm

Take a look at a farm from the top-down using drones and other available imagery. Also, get a close up look at some of the precision farm technology that can help make ag more sustainable.

Summer Camps

- June 10-14, 2024
- Registration opens December 1, 2023

Save the Date!
