## ABOUT RISE FM

Rise FM is a broadcast ministry of Soaring Eagle Promotions, a 501(c)3 non-profit organization. The station started in May 2012 as Shine FM, but rebranded to Rise FM in 2021. Our broadcast is Contemporary Christian Music. We are a community-supported station, which means we are sustained by the generous financial support of families, businesses, and churches. We take pride in being an active member of the community. In 2018, we were selected as the Logan County Chamber Non-Profit Organization of the Year. We currently have eight stations across Ohio: Bellefontaine, Findlay, Kenton, Tiffin; Ashland, Mansfield, Wooster; and Canton.

## UNDERWRITING PARTNERSHIP

Community partnership with Rise FM is a cost-effective way to market your business to a loyal group of radio listeners, while supporting a station that is focused on accomplishing its mission and serving the local community.

Rise FM is a non-commercial, educational radio station as determined by the FCC. Therefore, we do not sell traditional advertising like commercial stations. We offer for-profit businesses a way to promote their businesses to our listeners through underwriting announcements as set forth by FCC rules. These announcements are meant to be more informational than promotional, but are still a great way to get your name out to our listeners. They achieve similar, if not better results as traditional advertising.
