

Now Accepting Referrals for Level B Openings

We currently have multiple Level B residential program openings. The appropriate level of care is determined by the Access to Care Department and clinical staff.

About Level B: Level B programs are designed for individuals who can live semi-independently with some daily support. These residents typically manage most aspects of daily living on their own but benefit from regular staff guidance and check-ins.

How to Submit a Referral

Please submit clinical documentation to the Access to Care Department via:

Email: accessstocare@servbhs.org | Fax: 609-406-0307 | Attention: Access to Care Department

Eligibility Criteria

Adapt Day Program

- Clients must have active Medicaid or be Medicaid-eligible.
- Transportation is not provided for community referrals.

Residential Programs

- Eligibility varies based on individual program requirements and location.
- Please review any specific restrictions noted under current opening
