

Report your wages easily and securely.

Securing today
and tomorrow

Individuals receiving Supplemental Security Income (SSI), their representative payees, and the spouse, parent(s), or deemor of someone receiving SSI may use their personal *my Social Security* account OR the SSI Mobile Wage Reporting application for smartphones to report their wages online!

The image displays three devices: a desktop computer monitor, a tablet, and a smartphone. The desktop monitor shows the 'my Social Security' website with three circular icons labeled 'QUICK', 'SECURE', and 'EASY'. The tablet shows the 'Social Security' website with a 'Create your personal *my Social Security* account today' button and a 'Why create a free account?' section. The smartphone shows the 'my Social Security' app with a download link for the App Store and Google Play.

To begin reporting your wages using *my Social Security* or the smartphone app, please call 1-800-772-1213 (TTY 1-800-325-0778) or speak to one of our representatives at your local Social Security office.

Get started today!

Wages should be reported during the first six days of the month to help prevent overpayments and underpayments. You can only create a *my Social Security* account using your own personal information.
