## American Education Week

### November 14-18, 2022

November 4, 2022

American Education Week is an opportunity to visit your child's classroom and watch your children in action as they learn something new, participate in a curricular activity, or give a special presentation for visitors. This year, Central Bucks School District invites you to join us the week of November 14-18, 2022.

We invite you to come in, remembering that cell phone use while in the school is not permitted, and that this is an "adults only" visit - as small children may disrupt instruction during this time.

The chart below provides the designated time to come and visit so that we may concentrate efforts, and accommodate parking/traffic flow/etc. Please [RSVP here](#) so that we may plan accordingly for your time and have visitor badges ready upon arrival (to avoid delays).

Our schedule of visitation times at Butler Elementary School is as follows:
