

Discovery Health Personal Remedy Maker

The Discovery Health Remedy Maker offers an inexpensive alternative for health treatments and preventative care with this state of the art technology that can be used by medical practitioners or in the home to augment or replace conventional drugs or treatments. We offer a modern and convenient way to make personal homeopathic remedies.

Natural homeopathic remedies help the body return to normal function without side effects. Many ailments such as the common cold, flu, sprains, insect bites, chemical exposure, minor allergies and the like are treated with homeopathic remedies successfully allowing the body to heal itself.

This does not replace medical attention by a professional for acute trauma, disease, or surgery where urgent care methods of conventional allopathic medicine are appropriate. Many times chronic diseases such as colitis, multiple sclerosis, and chronic fatigue readily respond to restorative health-care methods that gently evaluate the body and use non-invasively treatment normal function to return without side effects. This is when homeopathy works well making the Discovery Health Remedy Maker is a valuable tool for your clinic and home use. **COPY** remedies from your test kits into one bottle to make a personal remedy or **MAKE** a remedy from allergens in your environment by collecting them and inverting them into a remedy.

Probe Cord: The probe Cord attachment has a small pointer –type probe on its end and is plugged into the INPUT jack. Electronically, this Jack connects directly to the INPUT area. Applications for the Probe Cord are many and you will be amazed at the variety of remedies produced and health resolutions experienced.

Discovery “Health Light”:

The Health Light tool produces two therapeutic light beams at specific wavelengths. These lights stimulate the cells of the body and accelerate the body’s ability to regenerate. By running the Health Light from the Remedy Maker you can create remedies that complement the fixed frequencies of the Infrared and LED light beams.

You can also run remedies from the Discovery Health Personal Remedy Maker to compliment the fixed frequencies of the infrared and LED lights. The ‘Health Light’ is an extremely useful and versatile tool that encourages and promotes:
