

Green Infrastructure Workshop Liberty County

Attend this half-day workshop and find out more about nature-based practices to clean and conserve stormwater for people and wildlife at any scale: **business or home, urban/suburban** or **industrial, local or regional.**

Local elected officials, municipal representatives, county staff, industrial landowners, and facilities managers will benefit from attending. Speakers will focus on the why and the how of green infrastructure practices.

November 18, 2026 | **9 AM—12 PM** | **A.J. "Jack" Hartel Building** | **Check-in at 8:30 AM**

TOPICS:

- Integrating green infrastructure to build resilient communities.
- Collecting and cleansing stormwater at home and in your local neighborhood.
- Using nature-based solutions to enhance water quality and wildlife habitat.
- Protecting and restoring large-scale wetlands and natural areas for flood control and water quality benefits.

There is no cost to attend, but seating is limited.

Registration is required.

CONTINUING EDUCATION HOURS PENDING FOR AICP CM AND CFM CREDITS.
