## Neighborhood History Night featuring the Banta Neighborhood

**Join us to learn more about the history within the Banta Neighborhood!** Come to listen and share stories from time spent in the Banta Neighborhood. The Porter County Public Library will be featuring historical documents relevant to the neighborhood from its Genealogy Department and Kevin Pazour, Executive Director of the Porter County Museum, will share a few facts about the area we now recognize as Banta (North to railroad tracks, South to Lincolnway, East to Roosevelt and West to Morgan). If you own additional historical documents or photos that you would like to share, feel free to bring them along.

**This event is brought to you in partnership by the City of Valparaiso, Porter County Public Library System, Porter County Museum and the Banta Neighborhood Association.**

*Are you a current Banta Resident?* The Banta Neighborhood Association meets on the second Tuesday of each month at 5:30pm at the Banta Senior Center. Join them and help make a difference in your neighborhood! Contact Bryan McFadden ([abmrealestateservices@gmail.com](mailto:abmrealestateservices@gmail.com)) to learn more about getting involved!
