

## MINNESOTA CHAPTER

**The Risk Management Association (RMA)** is a member-driven professional association whose sole purpose is to advance sound risk management principles in the financial services industry. We help banking and non-banking institutions identify and manage the impacts of credit risk, operational risk, and market risk on their businesses and customers. We achieve this goal through education, research, networking, and leadership opportunities.

**The Minnesota Chapter** was founded on May 19, 1926 and plays an active role in fulfilling the mission of the RMA on a local level. Minnesota Chapter affiliation includes over 350 bankers and professionals from 80 financial institutions. The chapter hosts five general chapter meetings and sponsors many training events and activities each term.

The Minnesota Chapter, like all RMA chapters, is organized and run by volunteer affiliates. In addition to the Board of Directors, volunteers serve on various committees; such as Education, Programs, Young Professionals and Women's Forum.

We strongly encourage current or prospective affiliates to become involved in shaping the future direction of the chapter by contacting any of the current officers or committee chairs.

**Visit our chapter website at [www.rma-mn.org](http://www.rma-mn.org) for event details/information.**

**Current Term: September 1, 2019 through August 31, 2020\***

### Annual Affiliation Fee (individual):
