

## BIOGRAPHY

### Raja M. David, PsyD, ABPP, LP

Founder & Owner

**Minnesota Center for Collaborative/Therapeutic Assessment**

**Dr. Raja David** has been a licensed psychologist for almost 20 years and has consistently conducted evaluations and therapy with children, adolescents, adults and families. He first worked in community mental health, before spending nine years as an assistant professor teaching graduate students earning their doctorate in clinical psychology. He served on the Minnesota Board of Psychology for five years and has a solid understanding of mental health issues and the mental health system.

Raja has a private practice in St. Paul and primarily conducts Therapeutic Assessments, which are a way of using psychological tests to help people improve their lives. He often leads workshops on Therapeutic Assessment and has written about the approach.
