

Help for: Puentes Multicultural School in Ypsilanti

If you are up on the news you probably know that the Dept. of Homeland Security is trying to purchase an empty warehouse in Romulus to turn it into an ICE detention facility. ICE is functioning in America and children in our schools are being affected.

We are doing our best to help support students and parents of Puentes Multicultural School in Ypsilanti. Items help those who have lost a parent to detention or for families refusing to leave their homes to even shop for groceries. We have an updated list:

You can also purchase gas cards which will be used by folks who are driving to pick up groceries for their neighbors, or gift cards, which we (at Saint James) can use to purchase items.

Faith in Action and Crossroads continue to be our primary receivers of Saint James' generosity, but if you have a little more to give in these dire times, we thank you so much. God sees our good works.
