## SailTime is a fractional sailing program that allows our members to have fun sailing adventures aboard a well-outfitted, professionally maintained sailboat on San Francisco Bay.

Using an asset sharing fractional program, SailTime gives you the pleasure of sailing without the hassle of traditional boat ownership. Spend a long weekend exploring San Francisco Bay, Sausalito or the Delta. Sip wine as the sun sets over Angel Island. Create memories that will last a lifetime with SailTime!

With SailTime, members select a sailboat from our local fleet, the marina location that suits them best and a membership level that matches the amount of time they need to reserve their own sailing calendar. SailTime limits the number of members per sailboat so we can guarantee monthly time. There is never a per-use charge. And since you are a member, not an owner, there are never maintenance tasks, insurance forms, annual registrations, fueling costs or slip payments to manage. Use our online reservation system to sail for the day, the weekend, or even up to a full week, it is completely up to you!

### Certified Sailing Lessons

SailTime San Francisco's American Sailing Association (ASA) certified sailing school has been awarded as an Outstanding School for multiple years and three of our instructors have been named Outstanding Instructors. Our custom, private training lessons are taught on "your" SailTime boat and ensure all sailors from beginners to advanced will be safe, knowledgeable and confident as they set sail. Create your own group class with friends, family, partners, couples, siblings, spouses, colleagues or employees to make life long memories together! Our goal is to have you docking like a pro, sailing like a racer and having the seamanship of an old salt.

### Global Access

With Global Access to more than 50 other SailTime locations, members can also schedule to sail at all of our other SailTime bases using the reduced charter prices only available to our members.

*"I wanted to tell you how grateful I am to SailTime. The instruction you've provided, from my first ASA class all the way through the navigation course has been outstanding. The flexibility that SailTime offers in using the boat is great. The boats are very well maintained and the sense of community you've created is a wonderful way to meet people who share my passion for sailing."*

Alan Andrews  
SailTime Member

**So whether you dream of sailing with your friends and family on San Francisco Bay, chartering in exotic destinations, cruising the world on your own boat or getting ready to buy your own sailboat for retirement, a SailTime Membership is a great first step!**

- Members design their sailing calendar using an online scheduling system
- Guaranteed access that's affordable, hassle-free and easy to schedule – 24/7
- Make instant sailing reservations or plan up to a year in advance
- Professionally managed Hanse, Beneteau and Jeanneau sailboats
- Worldwide access through the SailTime Global Access program
- Low commitment of 12 months
- North America's largest network of ASA sailing schools
- Membership fees vary by boat size, location and the number of monthly uses

## Membership

### Frequently Asked Questions

**Q How does a SailTime Membership work?**

A SailTime provides time on a boat that is shared with a limited number of other Members. Use of the boat is managed with an online scheduling system. Each Member has guaranteed monthly access that is allotted by the level of membership they choose.

**Q Am I a part owner of the yacht when I join SailTime?**

A To keep things easy, there is one owner of the boat identified as the Owner Member.

**Q How do you schedule the 'sailtimes'?**

A Our exclusive scheduling software allows you to reserve and swap schedules in real-time. You're allocated a certain number of 'sailtimes' each month depending on your level of membership; Classic = 7 and Lite = 3. You can make reservations up to a year in advance or make an immediate reservation if the boat is available.

**Q Can I stay overnight on the yacht?**

A Yes. Every day is broken into 2 possible reservations: 10:30am to 6:00pm, and 6:00pm to 10:30am the next morning. You're welcome to spend the night aboard!

**Q What stops one member reserving every weekend?**

A The Scheduler keeps track of Members usage and allows all Members an equal chance for booking their preferred sailing times.

**Q Can I use the yacht if no other member is using the time?**

A Classic Members can schedule an unlimited number of open slots as a bonus if they are available within 36 hours of the start time.

**Q How much will I have to pay when I join SailTime?**

A A training fee and a deposit are required when a member joins the program. The training fee varies based on previous sailing experience and certifications.

**Q Are there any other maintenance/upkeep fees that will be charged?**

A Membership is inclusive of all costs. The only additional costs would be for the replacement of lost items or the cost to repair damage to the boat that occurred during your reservation.

**Q What experience do I need to become a SailTime member?**

A Our community of Members range from new sailors to very experienced boaters. With one of the largest global networks of training centers Members can receive all the necessary instruction and certifications they need to feel confident and safe when they head out on the water.

**Q I see that you have bases worldwide. Can I use SailTime boats in other locations?**

A Yes. As well as enjoying sailing at your local base, our global network of bases provides a unique opportunity to make advance reservations to sail other yachts around the world. Certain qualification requirements may apply.

### Pier 39 Marina San Francisco, CA

**Jeanneau 349 2018**

Classic: \$860/month
