PROJECT ANGEL FOOD
30th ANNIVERSARY

Thank you for all your support!

Dear Friends,

In uncertain times, acts of generosity and goodwill highlight our shared humanity as we work together to protect our most vulnerable neighbors. Your recent gift of $3,000 ensures that **Project Angel Food** can face COVID-19 head on, continue uninterrupted service, and provide three weeks-worth of emergency food supplies to every single one of our 1,600 clients.

With your support friends, we are able to care for our clients who are primarily over 60, battling at least one serious illness, and therefore most susceptible to COVID-19. Now more than ever, our meals are the difference between escalating illness and healing with hope and we are deeply grateful to you!

Clients like Victor B. who has been on service with us for six years and recently celebrated his 62nd birthday shared; *"Wow! I wasn't even certain there would be a delivery today, which would have been understandable. But there was all the wonderful regular meals and fruit and an abundance of snacks. Each one was so very kind and appreciated. Please know that all of you deliver profound nourishment and spirited sustenance."*

For your records our tax id number is 95-4115863. No goods or services were received in return for this donation. Thank you again for being part of the heart and caring that is the very essence of our mission at Project Angel Food.

With warmest wishes,

Richard Ayoub

Richard Ayoub
Executive Director

Thank you so much for stepping up to support at this time!

You all are amazing!
Richard

P.S. Project Angel Food cannot close. We must overcome the obstacles and unexpected expenses of the COVID-19 crisis and continue our lifesaving service. And although we have temporarily suspended volunteers in the kitchen and had to hire out-of-work restaurant chefs to prepare and deliver meals, you can still help by sharing this donation link www.angelfood.org/covid19 with friends, family, and social media.

We love you.
xo Mark

For life. For love. For as long as it takes...
