Saint Andrew's Society of Los Angeles
Studio City, California 91604

Dear Board of Trustees and Members,

It is such a pleasure to acknowledge the generosity of the Saint Andrew's Society of Los Angeles! Your gift provides hope to the unsheltered people in our community.

By giving to the Street Medicine Program at the Keck School of Medicine of USC, your organization will help Mr. Brett Feldman and his team provide immediate and vital care for the homeless and foster social justice within Los Angeles.

The meaningful support of the Saint Andrew's Society of Los Angeles bolsters our mission. Thank you for making a profound difference in the lives of our city's most vulnerable members.

With appreciation,

Laura Mosqueda, MD
