

PNK Presents

GIGL

*Growing in God's Love
Online Instruction*

Welcome to the Presbytery of Northern Kansas Virtual Christian Education Program. We deliver engaging, Reformed Christian Education to our children and youth via the internet. Our education websites are available for use by all congregations in our Presbytery.

2020-2021

Weekly Lessons for Children K-6

1. How to start:

Download the Engage Page to your computer, Google Drive, or phone. Access the page on your device or print it for use with pencil. If you can't access the form today, go ahead and jump into the lesson... just watch or answer the questions on a piece of paper or on a doc. (Google doc) (Word document) (View online)

2. Engage

3. Explore

4. Express

Bi-Weekly Lessons for Youth

How to Access

1. **pnks.org**
2. Click **Education**
3. **Password: learn**
4. Select **Children's Page**
or Youth Page

The lessons have been created so that a child or youth can work through the steps independently. Of course, the more interaction with adults, the better. A parent, grandparent or church school teacher could view lessons with the student on Zoom or in person. An adult can direct students through the material or share the password and let them guide their own learning. Promote the virtual material on Sundays or anytime during the week.

Carmen Raines will be coordinating Virtual Christian Education for PNK. As a public school teacher, she's had to quickly adapt to teaching virtually. As a seminarian, she is interested in how online education can benefit the Church. You can learn more about her by clicking [Carmen Raines Intro to Virtual Education](#). If you have questions about the lessons or how to use them, you may email Carmen at carmenraines2911@gmail.com.
