- Snip up the scored lines as shown in the image below. Starting at the 1/2" line you are going to snip away the two rectangles on either side. You are then going to cut up the remaining score lines. The two in the middle you need to cut off a tiny bit on the side and miter the edges. Repeat the same on the back two small tabs.
- On the 1/2" piece at the top you are going to want to round the corners using the Detailed Trio Punch. One side you may have to flip it upside down to get it to punch correctly. Round all the corners on the top flap.

- Close the box and it's time to decorate. Attach the designer series paper to the top of the box leaving a little margin all the way around.
- Stamp the sentiment and the small pumpkins in Pretty Peacock ink and punch out the sentiment and die cut the pumpkins with the matching dies. IF you don't have the dies they can be easily cut out by hand.
- Use the three small leaf dies that cut and emboss from the Gather Leaves Dies and cut out one of each size using the listed scraps (Early Espresso, Cajun Craze, and Terracotta Tile). Now Pick the ornate frame die you want to use and die cut it from the 3 x 3 piece of Pretty Peacock cardstock.
- Add treats to the inside of the box and tie with about 12 to 16" of the copper trim. Tie into a pretty bow.
- Stack the sentiment on the ornate frame with a stampin' dimensional. Add two to the back of this leaving room for the ribbon to go between. Add the leaves that you cut out with stampin' dimensionals tucking them under the ornate frame and the pumpkins will sit slightly on top of the frame. This finishes the box.
