

# 8<sup>th</sup> Annual Delaware River Watershed Forum

## Sponsorship Opportunities

**September 17<sup>th</sup>-18<sup>th</sup> 2020**

The Logan Hotel • Philadelphia, PA

The Coalition for the Delaware River Watershed appreciates your consideration of the following sponsorship opportunities for our 8<sup>th</sup> Annual Delaware River Watershed Forum. This event – which features a mix of engaging speakers, facilitated discussions, off-site tours of local restoration and education projects, and workshops – is an excellent opportunity to reach a broad audience committed to a healthy Delaware River Basin. We hope you will join us as we continue seeking ways to build collaboration across the Watershed to help ensure a future with clean water, healthy habitats, and thriving communities!

In past years, we have welcomed over 250 attendees from a wide variety of sectors, including government agencies, national nonprofits, local funders, energy providers, engineering firms, and stakeholder groups committed to water quality in our region. We have also had the pleasure of hosting distinguished keynote speakers, including Northeast Regional Director of U.S. Fish and Wildlife Service Wendi Weber, National Wildlife Federation President & CEO Colin O'Mara, Congressman Brendan Boyle, and former Delaware Governor Jack Markell.

You can learn more about the Coalition for the Delaware River Watershed and past forums on our website at [www.delriverwatershed.org](http://www.delriverwatershed.org).
