

# SEEKING YOUTH STORIES ON ALTERNATIVES TO GUARDIANSHIP!

**Stories are powerful.** When we hear stories, we can learn about how people have made important changes in their life.

The Center on Youth Voice Youth Choice is a new national youth resource center on alternatives to guardianship (A2G). We have resources to help you learn about alternatives to guardianship.

**If you have a story about how a young person (including yourself!) has used an alternative to guardianship, we'd like to hear from you!**

## Who should contact us:

- » Youth with IDD who have a story to share
- » A supporter of a youth who has a story
- » Someone who works in this area and knows of a youth with a story

## Who can I contact if I want more information?
