

COVID-19 LTC, DSL & HOSPICE DAILY CHECKLIST

Staff, Service Providers and Students

Overview

This tool was developed to support continuing care sites and reduce the risk of transmission of COVID-19. **Staff, Service Providers and Students** are required to complete this checklist before entering a long-term care, designated supportive living and hospice settings.

Any person who is a confirmed case of COVID-19 must not enter the site and must follow isolation requirements as per [CMOH Order 39-2021](#).

1.	Have you traveled outside Canada in the last 14 days <u>AND</u> have you been directed to quarantine?	YES	NO		
<p>If you answered “YES”:</p> <ul style="list-style-type: none"> Do not enter the site unless you have an authorized exemption from quarantine. Please see the Government of Canada Travel, Testing, Quarantine and Borders for more information regarding quarantine requirements, <p>If you answered “NO”, proceed to question 2.</p>					
2.	<p>Have you had any known close contact with a lab- confirmed case of COVID-19 in the last 14 days?</p> <p>Close Contact - means a person who: without the consistent and appropriate use of personal protective equipment, provides care to, lives with, or has close physical contact with, a person who is a confirmed case of COVID-19; or has come into contact with the infectious body fluids of a person who is a confirmed case of COVID-19.</p>	YES	NO		
<p>If you answered “YES”:</p> <table border="1" style="width: 100%;"> <tr> <td style="width: 50%; vertical-align: top;"> <p>Fully Immunized¹: With a negative rapid screening test, proceed to question 3.</p> <ul style="list-style-type: none"> Daily rapid testing is <u>required</u> prior to each shift for 10 days following exposure. </td> <td style="width: 50%; vertical-align: top;"> <p>Not Fully Immunized²: Do not enter the site for 14 days from the last day of exposure.</p> </td> </tr> </table> <p>If you answered “NO”, proceed to question 3.</p>				<p>Fully Immunized¹: With a negative rapid screening test, proceed to question 3.</p> <ul style="list-style-type: none"> Daily rapid testing is <u>required</u> prior to each shift for 10 days following exposure. 	<p>Not Fully Immunized²: Do not enter the site for 14 days from the last day of exposure.</p>
<p>Fully Immunized¹: With a negative rapid screening test, proceed to question 3.</p> <ul style="list-style-type: none"> Daily rapid testing is <u>required</u> prior to each shift for 10 days following exposure. 	<p>Not Fully Immunized²: Do not enter the site for 14 days from the last day of exposure.</p>				
3.	Do you have any new onset (or worsening) of the following symptoms:				
	• Fever	YES	NO		
	• Cough	YES	NO		
	• Shortness of breath	YES	NO		

¹ A person who has received the complete vaccine series for COVID-19 and it has been 14 days after the second dose in a two dose series.

² A person who is either unimmunized (anyone who has not received any doses of COVID-19 vaccines) OR is partially immunized (anyone where it has been 14 days since the first dose of a two dose series).

• Runny nose	YES	NO
• Sore throat	YES	NO
• Chills	YES	NO
• Painful swallowing	YES	NO
• Nasal congestion	YES	NO
• Feeling unwell / fatigued	YES	NO
• Nausea / vomiting / diarrhea	YES	NO
• Unexplained loss of appetite	YES	NO
• Loss of sense of taste or smell	YES	NO
• Muscle / joint aches	YES	NO
• Headache	YES	NO
• Conjunctivitis (commonly known as pink eye)	YES	NO

If you answered “YES” to any symptom in question 3:

- Stay home or return home. Do not enter the site
- Use the [AHS Online Assessment Tool](#) or call Health Link 811 to receive additional information on testing and isolation.
- Adults (18 and over) with fever, cough, shortness of breath, runny nose, sore throat or loss of sense of taste or smell are required to isolate for 10 days as per [CMOH Order 39-2021](#) OR receive a negative COVID-19 test and feel better before returning to a continuing care site.

If you answered “NO”:

- You may enter the site.
