ℹ This app is compatible with all of your devices.

Please note: During installation you may be asked to give the app permission to access your phone or tablet's files, camera and microphone.

The app needs file access to save content for offline use.

Our use of the Moodle software will not require using your camera or microphone. The app will only download content that you choose to view.

Step 2: Configure the App

Find and open the Moodle App on your phone or tablet

Connect to ACDS Online
