

# Support Lisa Sponsor a Child's Education

**Lisa Cavallero grew up in CUUC's Religious Education program.** Now she's putting UU values of service into action by volunteering as a teacher in Zambia, Africa. In Zambia, education is not free and parents often must choose between feeding their families and sending their children to school. You can help more children have access to education by making a tax-deductible donation to CUUC with the **special memo "Sponsor a Child."** How much does a child's education cost?

#### *Annual Cost of Education in Zambia*

Primary School (grades 1 – 7) - \$290

Basic School (grades 8 – 9) - \$390

Secondary School (grades 10 – 12) - \$420

*but any amount is welcome!*

CUUC will combine all donated funds and ensure they arrive at Lisa's school.

When children learn how to read and write, it opens doors to further education and careers, and creates a ripple effect that benefits their families and larger community.

*Lisa thanks you for your generosity!*
