What to Do With All That \$\$\$?

In February 2023, the Nevada County Arts Council became one of 13 California agencies to administer part of the \$60 million California Creative Corp grant. The grant is intended to be an economic and workforce recovery pilot program to fuel positivity, regain public trust and inspire health and safety across California. It is also very much like the Federal Writing Project, part of the WPA of the 1930s, also created for many of the same goals. Learn about the American Guides published by the Federal Writing Project, the subversive triumph of the participating writers and how this new grant program is similar as well as how it is very different. How can you participate? This is a part presentation and part workshop. Sessions: 2

Field Trips

"Guys and Dolls" at the Historic Nevada Theatre, Nevada City

In 1930s New York, gamblers and evangelists roll the dice on love and life in this iconic American musical. Overflowing with songbook classics such as Lucky be a Lady, If I Were a Bell, and Sit Down, You're Rocking the Boat, Guys and Dolls is a rollicking celebration of mismatched lovers and small-time hucksters. We will have lunch at the Nevada City Roadhouse at noon with a 2 pm matinee at the oldest playhouse in the West. A homemade scoop of ice cream after the play finishes our afternoon together.

Members will provide their own transportation.

Let's Explore Nevada City and Grass Valley on Foot

This is a fun day of taking four separate, and easy 1/2-mile walks. The first will be along the newly completed Wolf Creek Trail in Grass Valley with a short tour of the Northstar Mine Powerhouse Museum. Our second 1/2-mile walk is a walk in downtown Grass Valley to discover the history of this gold mining town. We will lunch together at the Thirsty Barrel Restaurant. Next, it is off to Nevada City for a beautiful 1/2 mile walk along the Nisenan Tribute Trail to the fun suspension bridge which spans Deer Creek. We will finish the day with a 1/2 mile walk through beautiful Nevada City and complete the day with a scoop of homemade ice cream. Price includes museum admission, lunch, and ice cream.

The Spectacular Sierra Buttes (Downieville, Sierra City, Graeagle)

2 days, 1 night: Do you need to commune with nature and just get away? If so, I want to take you to a magical and undiscovered gem of California - Sierra County (just north of Nevada County). We will travel via a Sierra College bus to the tiny mining town of Downieville, enjoy a picnic lunch, wander its few streets and see the infamous gallows which adorn the courthouse (the site of the only woman hanged in California). It is then off to Sierra City (population: 99) to tour the historic Kentucky Mine, a perfectly preserved gold mine and mill. This is the best spots to fully understand the entire gold mining process mining to ingot. We will stay at the rustic Sierra Pines Lodge overlooking the North Fork of the Yuba River in Sierra City. It is a special spot you are bound to return to! The day is capped-off with waterfront cocktails and a five-star dinner at the magnificent Sardine Lake Lodge set amongst the Sierra Buttes high in the Sierras. The next morning, following a hearty breakfast at Sierra Pines (you can catch your fresh trout in their pond and they'll cook it up), we will drive and tour the quaint red and white colored mill town of Graeagle then drive through the spectacular Sierra Valley on our way to Hobart Mills - the remote Donner Party encampment. A picnic lunch will be provided to enjoy in this beautiful meadow. Minimal walking over the two days.

Note: Because the lodge is small (it is the largest lodging in Sierra County), we can only accommodate double occupancy, so if single find a friend to share a room. (All meals, transportation and accommodations included; except bar costs at Sardine Lodge).

26 openings at \$260 per person double occupancy. Group leader: Terry McAteer

Sierra College bus will pick up registered members at 9:00am in Rocklin and then head to Colfax Train Station to pick up members at 9:45am. You will be dropped off at each location on the way home.

Tour of the Grass Valley Museum

The Grass Valley Museum depicts the rich history from the Gold Rush days to 1930 with displays of furniture, art, objects d'art, clothing, musical instruments and artifacts of the Victorian era. The Museum also features large Old California Style paintings, a Victorian bedroom, Lola Montez's bathtub, a table used for the signing of the United Nations Charter in San Francisco in 1945 and many instruments and medicine from Dr. Jones the first doctor in Grass Valley. Today you can almost hear the echoes of children reciting their lessons as you stand behind the teacher's desk in the restored classroom. These tours are limited to six people. There are ten steps to the second floor where the Museum is located. Tours are estimated to last 90 minutes. The Grass Valley Museum is located at 410 South Church Street, Grass Valley, two blocks from the historic downtown. Sessions: 1

Early Hollywood - Legends of the First Decade

While some of us think of the 1930s and 1940s as Hollywood's "golden years", its beginnings in the Teens established everything that it was to become in later decades. Join us in this exploration of D.W. Griffith, Thomas Ince, Mabel Normand, Mack Sennett, and Charlie Chaplin. From triumphs and tech innovation to bankruptcies and scandals, early Hollywood paved the way for what was to come and what is still with us. EatSHARP Nutrition Assessment

According to the American Heart Association, nearly half of the American adults have some form of cardiovascular and chronic disease. There is a proliferation of commercial diets, promising miracles. Extensive medical research shows that these diets have a success rate of a mere 5%, and most result in extra weight gain over time. Then the question is, "What works?" The simple answer is "Consistent good nutrition." Welcome to the EatSHARP" assessment, developed under the guidance of two physicians, aims to help people learn how their current nutrition choices may hinder them from living healthy lives. It is suggested that students complete the personal nutrition assessment at eatsharp.org before the class. Individuals can stay anonymous. Sessions: 1

Mindful Self-Compassion and Forgiveness (for Inner Peace and Wisdom)

All of us have been lied to, verbally attacked, abused, cheated, or betrayed, or have committed these same mistakes onto another or ourselves. We are human, not perfect. Compassion and forgiveness doesn't mean to forget and return to the way things were. It means learning from mistakes and choosing to grieve, feel angry, and hurt over the loss of trust. It means not being a prisoner of regret, letting go in small steps with mindful self-compassion tools for more serenity, freedom, future self-fulfillment, and self-love. Come and learn the 6 steps of mindful forgiveness in a safe, private, non-pressured class with science based mindfulness practices. Sessions: 2

The Gift, Grace, and Grit of Growing Older

Growing older with health challenges, loss of loved ones, our beloved pets, and facing our own ultimate death or transition are difficult subjects we are most likely taught to avoid. Our youth oriented culture supports a basic denial of growing older. "Old and Grey and in the Way" is an often unconscious or even spoken cultural belief we elders often live with. In this class you will learn powerful Mindful Self Compassion practices to courageously and safely face, transform, and find meaning in the five stages of grief or potential loss. Most importantly, we explore and face with compassion the normal healthy fear of dying which keeps us physically safe and as well as learn to befriend and release an exaggerated fear of death and the unknown that everyone can occasionally have. Do we really die or are we transformed and reborn or just return to dust? Come and share your view or learn more about the mystery of what comes after our bodies return to nature. The past is history, the future is a mystery and learning to live in the Precious Present, no matter what your view of death, can bring meaning and aliveness every day. Come and learn in a sensitive and safe class. Sessions: 2

Music

Explore the Music of the Danish National Symphony Orchestra

We explore the music of the Danish National Symphony Orchestra (Danish: DR Symfoniorkestret); is a Danish orchestra based in Copenhagen. The DNSO is the principal orchestra of DR (Danish Broadcasting Corporation). The DRSO is based at the Koncerthuset (lit. translation in English, The Concert House) concert hall in Copenhagen. The roots of the orchestra date back to the singer Emil Holm, who expressed a wish to establish a full-time symphony orchestra in Denmark. In collaboration with fellow musicians Otto Fessel, Rudolf Dietz Mann and Folmer Jensen, the orchestra was founded in 1925, with 11 players in the ensemble and conductor Launy Grøndahl having a leadership role, though without a formal title. The orchestra grew to 30 players within a year. The orchestra performed its first public concert in 1927 and began to give weekly concerts in 1928. In 1930, Holm recruited Nikolai Malko to a similar key role like Grøndahl as conductor with the orchestra, though again without Malko having a formal title. Early concerts were at the Axelborg building. In 1931, the orchestra began to give concerts at the Stærekassen hall of the Royal Danish Theatre. After going into exile from Germany in the 1930s, Fritz Busch worked extensively as a major conductor of the orchestra in parallel with Malko, though again with no formal title. By 1948, the orchestra had attained a membership of 92 musicians.

Annie Ernaux - "Someone with a woman's history who writes"

In October 2022, the French author Annie Ernaux was awarded the Nobel Prize in Literature "for the courage and clinical acuity with which she uncovers the roots, estrangements and collective restraints of personal memory." Self-defining as "someone with a woman's history who writes", A. Ernaux emphasizes the collective biography, the basis for the auto-socio-biographical genre in which the individual and family narratives are inseparable from the social narrative.
