Dear Springfield Country Club Member,

The Golf Shop is the center of all golf activity. As your Golf Professional, I realize the importance of maintaining high standards of service for my members. For this reason, my main objective is to have a golf operation you can truly enjoy.

Your Professional Staff works hard to bring the latest fashions and quality apparel to the Springfield C.C. Golf Shop. As for equipment, Golf Professionals are educated each year with new ideas. If it is new and has merit, you will see it in the Springfield CC Golf Shop. As a Springfield Country Club Member, you will be able to take advantage of our competitive prices through the Buyer's Club Plan. This plan allows our Members to purchase equipment and apparel at the absolute lowest prices.

You should know that your golf clubs are very important to the Professional Staff. By combining quality instruction with properly fit equipment by our premium GC Quad Launch monitor, you will maximize your scoring potential. We will be able to provide club fittings with **TaylorMade, Callaway, Ping, Mizuno, and Titleist**. The Golf Professionals here at Springfield CC are Certified Club Fitters, PGA Trained Instructors, and motivated to help you play your best golf. The Springfield Golf Shop separates itself from other area shops through our level of service, our professional club fitting, and most importantly, our sincere interest in your game. Our sole motivation is not profit, but member satisfaction. Since you will not buy clubs often, we ensure that it be done thoughtfully and with professional supervision. Knowing what will help improve your game is our forte.

It is our desire to assist, educate, service and inform the membership so your time here at the club is the most enjoyable. Hopefully this booklet will be helpful in acquainting you with the many programs, rules and benefits of the golf department.
