This week is all hands on deck in every area of the club in preparation for our biggest member-guest ever. Obviously the event is played on the course, but the whole experience requires huge efforts from so many aspects of the club. It's my favorite event to do each year, but like many there's a feeling of relief once it's finished. On our end, the weather is throwing some curve balls at us to start the week.

We received 2.4" from Saturday evening through Monday morning. Firm and fast will be hard to achieve but we will do our best. We are finally able to vent our greens with a small solid tine to help with air and water movement. Once rolled down, the greens will putt as you would expect. Our goal for this week is not necessarily very fast speeds on greens, as we have a wide range of handicaps, but true ball roll and fair locations to keep play moving. Of course, dialing in all of the details in a shortened week is also our focus. I look forward to seeing a lot of familiar faces, and meeting many new guests. See you on the course, Go Bucks!
