Springfield, OH 45501*

This will be a quick update this week as we are in full tournament preparations, and also trying to finish up as much as possible on the outside of the clubhouse with landscaping and irrigation installation. This past weekend the weather was a nice change, even if it was a bit cool. Just seeing the sun shining was a welcome sight! Continued dry conditions will help us complete many tasks and dial in the details. For those playing the course, expect to see firm and fast conditions. As a reminder, the course will be closed to carts beginning Saturday at noon, and all day Sunday.

Practice rounds will start to pick up this week, which is why we have the course playing as close to the way it will be presented next Monday. Once Monday is behind us, the rough will come back down, and speeds will slow slightly on greens.

Come out and enjoy some great golf next Monday. Tee times begin at 7:00 am, with play going until nearly dark. We have another strong field, and are excited to showcase SCC to some great players!

See you on the course,
Go Bucks!
