

## Mad Science After School Program at **St. Elizabeth Ann Seton**

By the World's Leading Fun Science Provider.  
Spark your child's imagination even when school is out!

Mad Science® offers fun, inquiry-based, hands-on, after-school programs that cover a wide range of science topics.

Your child will even come home with a take home project!

Let your child see just how cool science can be!

**DON'T DELAY...ENROLL TODAY**

### **In this Session...**

Put on your goggles and lab coat...it is time to have some **FUN!** Join us this semester as we learn science through hands-on experiments and interactive demonstrations.

**Our Mad Scientists make science easy to understand and spark imaginative learning. Enroll today and science will become your favorite subject!**

### **Mad Science® After-School Programs**

- \* Meet national and state science curriculum standards.
- \* Are led by trained, qualified and dynamic instructors.
- \* Follow professional lesson plans.
- \* Use unique equipment and original materials.
- \* Are age-appropriate and loved by children.

### **DO NOT SEND REGISTRATION FORM TO SCHOOL!!!**

**MAIL** the completed registration form and payment to:  
Mad Science, 6300 Westpark, Suite 500, Houston, TX 77057

## Program Description

### Bugs!

Students will explore the world's most abundant animals! How do insects defend themselves? What is their role in the ecosystem? These questions and more will be answered with fun, hands-on activities that introduce these fascinating creatures!

### Chem in a Flash

Hop on board the chemistry express for a high-speed science experience! Perform instantaneous experiments in this fast-paced class on split-second reactions that go like mad!

### Detective Science

Discover how science is used to solve real crimes! Watch as the classroom is transformed into a crime lab for this exciting exploration of the fundamentals of forensics.

### Dry Ice Capades

Manipulate matter in all of its three states! Melt metal in boiling water and freeze water with just a breath of dry ice!

### Glow Show

Discover amazing things that glow bright in the dark and come to light! Probe the properties of light and explore some unusual applications of glow-in-the-dark technology!

### Junior Reactors

Create a tiny world of atoms with your very own set of Atomic Coins! Learn to recognize chemical reactions and mix up a few reactive ingredients for some sensational results!

### Lab Works

Use your hands as a real Mad Scientist in this whirlwind class on how a lab works! Learn to manipulate laboratory equipment at your personal lab bench!

### Mad Science Machines

Peek into a class to watch elementary-age engineers hard at work with pulleys and levers. They will design, problem-solve and have a whole lot of fun!

### Movie Effects

Grab your popcorn but don't sit back! We're going to learn first-hand how advances in science and technology make our favorite special effects possible!

### pH Phactor

Slide down the colorful pH scale and dip into the world of acids and bases! Explore the pH extremes with your Reaction Tube in what is sure-to-be a popping experience!

**PLUS: Science of Toys, Slime Time, Super Sticky Stuff Walloping Weather**

## Program Policies:

- All supplies and materials are included in the class fee.
- Our classes generally meet for one hour, one day/week.
- There is a take-home activity each week.
- There is no class on scheduled holidays. If a class is cancelled by Mad Science or is not held, a make-up day will be scheduled and parents will be notified. (Cancellations because of forces beyond Mad Science's control will not be made up, and a refund will not be given.)
- Children in grades K-5 may be in the same classroom due to our inquiry-based learning approach.
- We do not pick up children from their classroom, so you may want to send a note to the child's teacher to remind them to go to Mad Science. We can not be held responsible for your child's attendance.
- As a courtesy, Mad Science will attempt to email you a day or two prior to the start of the program to confirm your child's enrollment and to inform you of the meeting location along with dismissal information. Please note that this will be our primary form of communication with you.
- An alternate topic may be substituted without notice.
- Children must be picked up as soon as class is over. Mad Science is not responsible for children before or after stated class times. We reserve the right to charge a fee of \$1/minute after 10 minutes for late pick-up.
- **Registrations are accepted on a first-come, first-served basis; the maximum class size is 20 students (minimum class size is 12 students).**
- Late registrations will be accepted based on space and must be secured with a credit card.
- Registration forms are accepted in the order they are received.
- Questions? Call 713-663-7623.

### Refund Policies

If for any reason a class does not run, all money will be fully refunded. Withdrawals done 7 days prior to the program's start date will be given full refunds less a 10% credit card transaction fee (if applicable). Any withdrawals done after that will be given a credit for any future Mad Science Program. Credits will be prorated for any cancellations after the first class. For more information, please feel free to give us a call at The Lab: 713-663-7623

### Registration Form - Detach this part of the form and Return

School: St. Elizabeth Ann Seton (K - Gr 5) Dates: Thu, 1/12/2017 - 4/20/2017 (Skip Date: 3/16/2017)  
Skip Date: 4/13/2017 Time: 3:30 PM - 4:30 PM
