2025 IMPACT REPORT

Please know that **YOU** are making a meaningful difference in the lives of many hurting, food-insecure, financially burdened, and unhoused women, children, and men.

3,282 Acts of Service provided critical support to individuals and families experiencing homelessness, housing instability, and financial hardship. These services included hot meals; clothing for infants, children, and adults; winter coats and accessories; hygiene packs; food baskets; mental health and addiction recovery referrals; life skills training; transportation assistance; counseling; and case management services designed to help people move from crisis toward stability and self-sufficiency.

Emergency Outreach at the South Shore Train Station during severe weather. Our outreach team provided hot meals, winter coats, hats, gloves, scarves, and other cold-weather accessories to our homeless neighbors facing life-threatening temperatures.

Sixty-six percent (275) of the 414 unhoused individuals and families served received case management, emergency assistance, and other vital support services through Grace Beyond Borders NWI, Inc. These services were designed to help individuals and families overcome barriers, secure resources, and take meaningful steps toward stable housing and self-sufficiency.

“I was orphaned at age 7, after my mother tried to set me on fire. I am forced to be strong all the time. I do have a job and am hanging on by a thread. Me and my kids stay in my car parked behind a local business. Grace Beyond Borders NWI provided her and family with emergency shelter.”

Sixty-one (61) families with a total of 135 children received life-changing resources and support services designed to prevent homelessness or help them secure a pathway out of homelessness. Through case management, emergency assistance, resource referrals, and other critical interventions, these families were connected to services that promoted housing stability, safety, and long-term self-sufficiency.

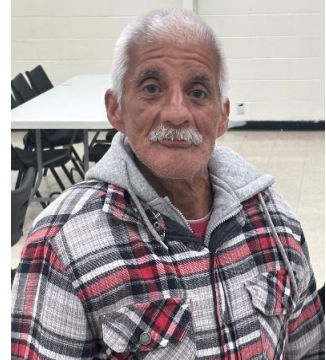

“I came to Grace Beyond Borders after being exited from my previous shelter. They took me in when my children and I needed a place to go. They helped me with getting back on track, with housing opportunities and much more.”

Life skills Program help restore and transform lives.

"I have been a better person because of the PEACE MAKERS' Meetings. I do not get angry so fast. I am not judging people so fast. Grace Beyond Borders is a blessing."

"I was giving my nephew a ride in my car, and he stole \$30 of change that I left in my car. I was so upset that I wanted to fight him. I knew that I could hurt him. but I remembered what I learned in class. and decided not to hit him, but to just drive away and not react in a negative way."

A HAND UP, NOT A HANDOUT - CELEBRATING 13 YEARS!

THE REALITY

The homelessness crisis in America — and in our local communities — continues to escalate. Too many of our neighbors are living unseen, unheard, and without the basic resources they need to survive.

THE FACTS

A lack of affordable housing, rising rental costs, background barriers, low-wage jobs, limited public transportation, and increasing utility costs are pushing more individuals and families into homelessness.

THE HELP

Your gift helps ensure that our "invisible" neighbors have access to crucial resources, including emergency shelter, meals, housing support, and social services.
