# JA Volunteers Share Their Experience

"...I think the curriculum is amazing. I love how everything is laid out. It makes planning ahead and preparing for the next lesson easy. The materials are so turnkey that anyone, no matter their skill set, can execute. Very simple and effective..."

- Volunteer, Bank of America

"...I love seeing the tangible impact our mentor team has on the students we work with - not only do they learn about entrepreneurship but they also learn the value of collaboration and teamwork as well as gain confidence in themselves."

- Volunteer, Pfizer

"JA provides opportunities for students to learn about a wide range of careers and gives students access to role models/mentors that can help answer their questions and guide them in building a career path."

- Volunteer, EY
